Sachs' great sale of white dress goods closes tomorrow. We would kindly request that our patrons do their shopping early, as the store closes at 1 p. m. on Saturday.

The Convocation Journal for the missionary district of Honolulu has been issued. The next meeting of the convocation will be held on the Third Sunday in May 1907.

Verybest canned Ox tongue is equal in every respect to the same article prepared at home. The meat slices well and the flavor is excellent. For sandwiches nothing equals it.

Rev. J. W. Wadman of the Methodist Church leaves for the Korea next Monday for a six weeks absence. He will consult Bishop Hamilton in San Francisco, and then proceed to Dayton, O., where his family is.

A man by the name of A. W. Hall collided with an electric car this morning on Fort street. He was on a bicycle and evidently lost his head for he ran directly into the side of the car. The bicycle was laid up for repairs but Hall escaped with a few bruises.

There will be a meeting for men, under the auspices of the Brotherhood of St. Andrew, held at the Seamen's Institute, on Saturday evening, August 11, at 7:45. Addresses will be made by Bishop Restarick and the Rev. Dr. Penn of Kansas. All men are cordially invited to attend.

THE KUNST ESTATE.

H. E. Cooper, attorney, has filed a petition of Adolph Julius Baetcke, executor of the estate of Gustav Kunst, deceased, for approval of accounts and partial distribution. He has expended on account of the estate \$21,838.15, and has \$104,829.09 cash on hand. Certain claims have not been collected because not legally due, and certain shares have not been sold because a sufficient price can not be obtained for them. The executor prays that his accounts be approved, that the inheritance tax be assessed against the estate, that he be allowed his commissions amounting to \$6,873.17 and that the court may order a partial distribution in cash to the executors now

resident in the city of Hamburg, Germany.

FROM KAHUKU TO PUNALUU BY RAIL

CONTRACTOR HAS BEGUN THE GRADING OF THE NEW ROAD. OPEN ABOUT NOVEMBER 31.

The new line of railway from Kahuku to Punaluu will be in operation by the last of November or the first of December according to statements made by J. B. Castle this morning. At that time there will be some sort of an excuse for a train running over the line once a day. Contractor Wilson and his gang of men are at work at present grading and building the road.

The reason for the building of the new line is that it will facilitate the milling of cane from the Kahuku plantation. There are a few bunches of desirable land along the route and these will probably be taken up by settlers when they are opened to the public on the 25th of this month.

"The man who wrote the article in the morning paper," said Mr. Castle this morning "did not come to me for the story for he knew that if he did there would be no story. All the talk of a boom and the like is simply space filler."

"It is true that Contractor Wilson is grading and working on a line which will probably be finished by the latter part of November. At that time there will be some sort of a train running over the line once a day. The line will only extend to Punaluu.

"Along the line there are a few desirable bunches of land. These will probably be taken up by settlers. "The plantation will develop some more cane land, how much is not known. The new road will help materially in getting the cane to the mill for grinding."

WILL TAKE A STRAW VOTE

ANTI-SALOON LEAGUE PROPOSES TO FIND WHERE THEY STAND AMONG THE VOTERS.

The Anti-Saloon League propose now to find out by a straw vote just where the voters of the Territory stand on the liquor question. When the Board of Registration make their tour of the islands for the purpose of registering voters they will be accompanied by the agent of the league John M. Martin who will question each voter as to the stand he takes in regard to the liquor question, especially as it is set forth by the high license and local option law. In this manner the league proposes to find out just where they stand.

The Anti-Saloon League met yesterday afternoon at 4 o'clock at the Y. M. C. A. and the meeting was well attended. It being the regular monthly meeting of the league. Rev. John W. Wadman presided and the reports of the different committees were heard.

Dr. Doremus Scudder of the advisory committee recommended that the legislative committee watch carefully all the developments of the different political parties and organizations, in every regard, where they touch upon the liquor question.

A member of the Liquor Dealers' Association suggested to the league that a consultation with them on matters which they have in common might be worth while. The league decided that it would be.

The printing committee recommended that the different articles on the liquor question that have appeared from time to time from the pen of G. B. Edwards be printed in pamphlet form both in Hawaiian and English. The suggestion was passed and O. H. Gulick assisted by Mrs. Nakulua will translate the articles. The booklets will then be distributed about to the voters.

John M. Martin, agent for the league reported the closing of the Solace saloon near the waterfront, the Beehive at Hotel and River and the Horseshoe on Hotel street. These were not closed through the efforts of the League but the report was made just to show that there were fewer saloons. A number of transfers have been asked for but they were all refused.

John Gulick, a brother of O. H. Gulick who came here recently from the coast was elected to the league and appointed on the legal protection committee.

NEW BUILDING VERY HANDSOME

HOUSE FOR THE TERRITORIAL ARCHIVES IS A FINE LOOKING STRUCTURE.

The new archives building on the Capitol grounds is one of the handsomest structures in Honolulu. While not very large, it is substantial-looking, and the members of the archives commission are very proud of it. It has the appearance of a solid stone structure with a very imposing entrance between two massive columns.

The floor of the front office is inlaid marble. There are heavy oak doors and a beautifully colored skylight. The counter is of marble. On either side are rooms for visitors. In the rooms are splendid red cherry tables, for use in the examination of documents.

Comprising vacant lots, lots with cottages on, stores, large dwellings. All on easy terms.

JAS. F. MORGAN, AUCTIONEER.

Behind the marble counter, steel doors like those of a vault lead to the room in the rear, where are many tiers of shelves and cases for documents. There is practically no wood in the building, and it is designed as fire-proof. In the daytime it is very well lighted through windows and there are plenty of electric lights provided for the night time.

NEW HEADQUARTERS FOR KOREAN WORK

METHODISTS WILL HOLD A RECEPTION NEXT MONDAY IN THEIR BUILDING.

On next Monday evening the formal opening of the new home for Koreans will take place at the building recently purchased by the Methodist church for the work. It is the building known as the North Pacific Institute situated at the corner of Beretania and Punchbowl streets.

When Bishop Hamilton was here during the first of the year he purchased for \$18,500 the building with the intention then of using it as headquarters for the Korean work as it is being carried on by the Methodists. Now the work is to be actively started and on Monday evening the formal opening takes place.

The Methodists here are taking advantage of the occasion to tender at the same time a reception to George Heber Jones, D. D. with his wife. Dr. Jones is to stop here until September 27, when he will proceed to Korea and again take up active Korean work. While Dr. Jones is here Rev. Wadman will visit Ohio and bring a part of his family back with him.

By a happy coincidence Bishop M. C. Harris D. D. of Japan and Korea will be here next Monday on the S. S. Korea. He will attend the reception.

The new school for Koreans will be in charge of a young man who is to come from the coast. The school will contain all the different branches and also places of recreation. The building is to be handsomely refitted.

Rev. Wadman will leave for the coast by the S. S. Korea.

IOLANI COLLEGE.

The announcement of Iolani College for the season of 1906-7 has just been issued and it is a very creditable piece of work. It states in a concise form the advantages of the school and also has a few pictures of the grounds and buildings which show up well. The school gives promise of a successful school year.

PARADISE OF THE PACIFIC.

The August number of the Paradise of the Pacific has just been issued. The most striking article in the number is the one on Kauai's Electric plant. It is beautifully illustrated and contains several well written articles.

Changes

To accommodate the several new lines we have taken on and to make room for the large stock of goods that we have just bought from the Pacific Hardware Co., we are obliged to make a number of changes. This means a lot of moving about of stock, carpenter work, painting and varnishing. It also means dirt, noise and confusion for a short time, and we are unable to care for our customers as promptly and as well as we would like to. All possible haste will be made and in a short time we will have everything in place, and, with a large well arranged stock, with every convenience to handle and deliver same promptly, we will do our best to satisfy all our customers.

E. O. HALL & SON, Ltd.

A CHALLENGE.

We challenge all other Meat Markets in this City for superiority in quality of

BEEF AND VEAL.

Our stock is properly selected for us from herds of cattle aggregating over 15,000 head, depasturing on rich grasses in the ranching districts of the Island of Hawaii; they are delivered in weekly lots, which are dressed by ourselves at OUR OWN SLAUGHTER HOUSE at Kalihi according to the most sanitary and improved methods, and directly under the daily inspection of the Meat Inspector for the Board of Health.

Our "Hereford" Calves for veal are "beauts" on the hoof, almost too pretty to kill, but they produce the best of veal and our suppliers do not hesitate in giving us "THE LIMIT."

WE HAVE EVERYTHING ELSE IN THE MEAT LINE. PROMPT DELIVERIES AND SATISFACTORY PRICES. COME AND EXAMINE OUR STOCK AND BE SERVED PROPERLY.
